

Key Stage Writing Moderation workshops

Course aim and content:

To facilitate professional dialogue within a relevant group of practitioners with the aim of developing a shared portfolio of examples of work across the Teaching School for children writing below, at expected and above age related expectation for:

- Year 1 & 2
- Year 3 & 4
- Year 5 & 6
- Year 6 - plus useful information to be passed onto secondary school for transition purposes

The aim of the workshops are to develop a shared understanding of the differing expectations and also to examine the range of work within each expected standard. The workshops will also compare standards from years below/above to develop a shared and consistent understanding of how the standards are being met within the primary curriculum.

Please bring along 3 books for your children that represent working towards, working at and working at greater depth within the interim assessment standards.
