

Key Stage Writing Moderation workshops

Course aim and content:

To facilitate professional dialogue within a relevant group of practitioners with the aim of developing a shared portfolio of examples of work across the Teaching School for children writing below, at expected and above age related expectation for:

- Year 3 & 4
- Year 6 & 7 plus useful information to be passed onto secondary school for transition purposes

The aim of the workshops are to develop a shared understanding of the differing expectations and also to examine the range of work within each expected standard. The workshop will also compare standards from years below/above to develop a shared and consistent understanding of how the standards are being met within the primary curriculum.

Be prepared to come to the workshops and discuss pieces of writing evidence from your own children within each year group.
